Extern Testimonials

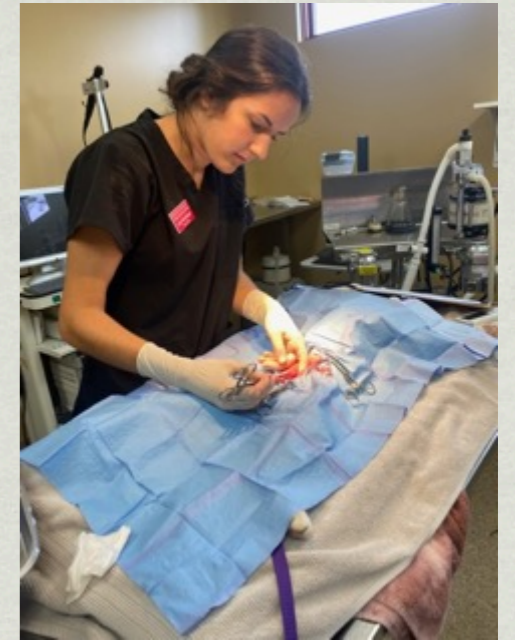

- “My experience at Ancare Veterinary Hospital was unparalleled to experiences that I have received in my schooling thus far. I was educated by wonderful veterinarians that truly are passionate at what they do. As a student extern, I was able to perform a variety of spays and neuters along with assisting in specialized surgical procedures such as cruciate repairs. My confidence grew in my ability to place animals under sedation and anesthesia. I was also able to partake in a multitude of appointments including wellness and illness appointments. This externship gave me real world experience into client interactions that cannot be matched. As a student with high interest in business, Dr. Dullard was able to provide me with a wealth of knowledge for future veterinary business transactions. I would highly recommend Ancare Veterinary student externship to any veterinary student that wants to elevate their education to the next level.”
- Jennifer Bauer, Purdue CVM '22

I really enjoyed my time at Ancare. While there, I received lots of hands on experience such as performing surgery and treating emergency patients by myself. I had the pleasure of working with doctors that fostered self confidence and encouraged offering services not commonplace in many general practices: endoscopy, computed tomography, physical therapy, cremation services and much more. The buck truly stops with Ancare. My only regret is that I could only spend two weeks working with their exceptional staff.

-Marshall Aanestad
Senior Veterinary Student
The Ohio State University
College of Veterinary Medicine

Voted the #1 Attraction in the State of Illinois

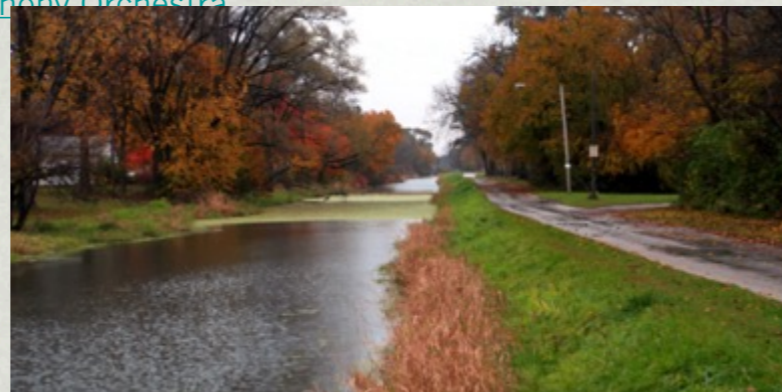

Starved Rock State Park is a world apart from anything else in Illinois! Amazing, seasonal waterfalls are active in the spring and after heavy rains. We have 13 miles of trails to explore and the Illinois River offers fishing, boating, extraordinary views and great places to relax.

•The Illinois Valley values the arts. There are a variety of organizations that promote and support fine art, music and the performing arts. Ottawa Art League and [North Central Illinois ARTworks](#) work to engage the community to foster the arts and creativity, sponsor shows and more.
